How to ship your items.

Time to ship your items. Your trade-in has started. Please follow the steps below to prepare and ship your items so we can process your trade-in.

INSTRUCTIONS

1. Gather Your Games

- Ensure that all games you wish to trade-in are in their original cases.
- Check that each game case includes the game disc or cartridge.
- Remove any personal items or notes from the game cases.

2. Prepare the Package

- Choose a sturdy box that is appropriately sized for the number of games you are sending. If you are only sending a single game, you can use a padded envelope to save on shipping costs.
- Place the games in the box carefully, using bubble wrap or other padding to prevent damage during shipping.
- If you are sending a large number of games, consider placing them in small groups within the box to prevent movement.

3. Print and Complete the Trade-In Form

- Fill out the form on the next page with your name, address, email, and a list of the games you are trading in.
- Place the completed form inside the box with your games.

4. Seal the Package

- Securely seal the box with packing tape.
- Make sure all seams and edges are well-taped to prevent the box from opening during transit.

Important Notes

- Please note that shipping costs are the responsibility of the sender, as we do not provide pre-paid shipping labels.
- We recommend insuring your package for its value in case of loss or damage during shipping.
- Keep a copy of the tracking number for your records.
- If you encounter any issues or have questions, please contact our customer service team at info@priceslashstore.com.
